in cooperation with the 700 Wing RCAF Association, and
the Royal Alberta United Services Institute**

**Invite you to attend:
the Annual Security and Defence Symposium and Mess Dinner**

**Saturday, March 5, 2022
Symposium - 8:30AM TO 4:00PM
Mess Dinner – 6:30PM for 7PM to 10PM**

Alberta Aviation Museum, 11410 Kingsway, Edmonton, Alberta

2022 Topic: *“Unmanned Aerial Vehicles (UAV) in War & Peace; Operational Issues in
Military & Civilian Space”*

ZOOM attendance possible via prior arrangements only

Lunch with Coffee/Tea provided

Cost: No charge for the symposium / \$100 for Mess Dinner

Utilization of UVS impact military and civilian alike. Military operations are being carried out successfully with aerial drones and that technology is being commercialized. The advent of artificial intelligence is also having an impact on UVS. Where once weapons are delivered to a target, your latest package from online shopping is delivered to your door.

This event is hosted by the Edmonton United Services Institute, the 700 Wing RCAF Association, the Royal Alberta United Services Institute, and is graciously sponsored in part by the Royal Commonwealth Society, Edmonton, and Veteran Affairs Canada.
